

Before Illinois' passage of medical liability reform in 2005, doctors were worried sick.

Patients and lawmakers were worried too. Now plaintiff lawyers are hoping to convince the Illinois courts that the 2005 reforms are bad and should be overturned.

Illinois citizens need to know that our reform laws will:

- Keep doctors in Illinois
- Help stabilize medical costs
- Reduce frivolous litigation

AND

- Allow them to continue seeing their doctor

Keep medical liability reform ... it's the healing touch to an ailing Illinois legal system and will preserve patient access to care.
